

102 10. (Second Amended) The kit of Claim 8 wherein the top and bottom portions include apertures adapted to align and receive dowels therein to ensure proper alignment of the top and bottom portions.

103 18/28. (Second Amended) A kit for custom blending lip coloring product to a desired shade, texture, and content, the kit comprising:

a plurality of pigments adapted to be blended together to create a particular shade of lip coloring product;

at least one base adapted to be blended with selected pigments to provide a particular texture and consistency for lip coloring product;

at least one measurer adapted to measure quantities of selected pigments, the quantities of selected pigments adapted to be mixed with the at least one base;

a mold adapted to receive the base and the quantities of selected pigments; and

wherein said plurality of pigments are stored separately from the at least one base and packaged together along with the at least one measurer and the mold in the kit for resale at a point of purchase.

104 13/34. (First Amended) The kit of claim 1 wherein the at least one base is unshaded and not shaded to a particular hue.

105 17/38. (First Amended) The kit of claim 1 wherein the pigments are contained separately from the at least one base, the pigments being pourable and adapted to be mixed with other pigments.

25/39. (First Amended) The kit of Claim 18/28 wherein the at least one base is unshaded and not shaded to a particular hue.

106 29/48. (First Amended) The kit of claim 18/28 wherein the pigments are stored separately from the at least one base, the pigments being pourable and adapted to be mixed with other pigments.
